

# Docker 101

Jayme Anchante

THE VITAL PART OF A  
CONSIDERATION

11. **DEFINITION.**—A contract which induces a party to perform a substantial part of the contract. It is the substance of the contract inducing the parties to perform.

SUFFICIENT

# Debug your app, not your environment

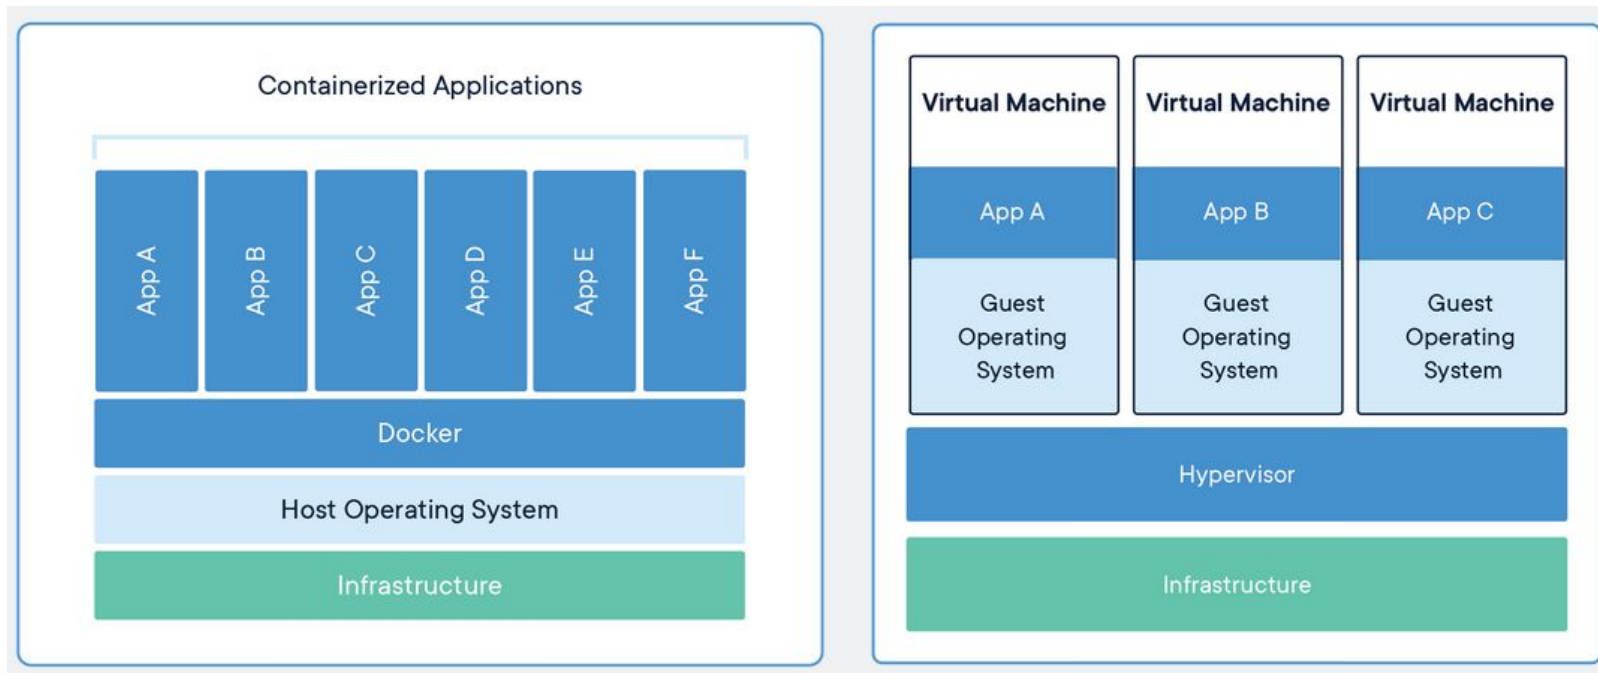

Securely build and share any application, anywhere

## What is a Container?

A standardized unit of software

abstraction app level  
share host kernel

abstraction of physical hardware  
VM is a full copy of an operating system

container

vs

VM

# Imagem Data Science

pandas==0.23.4

scikit-learn==0.22.2

numpy==1.18.2

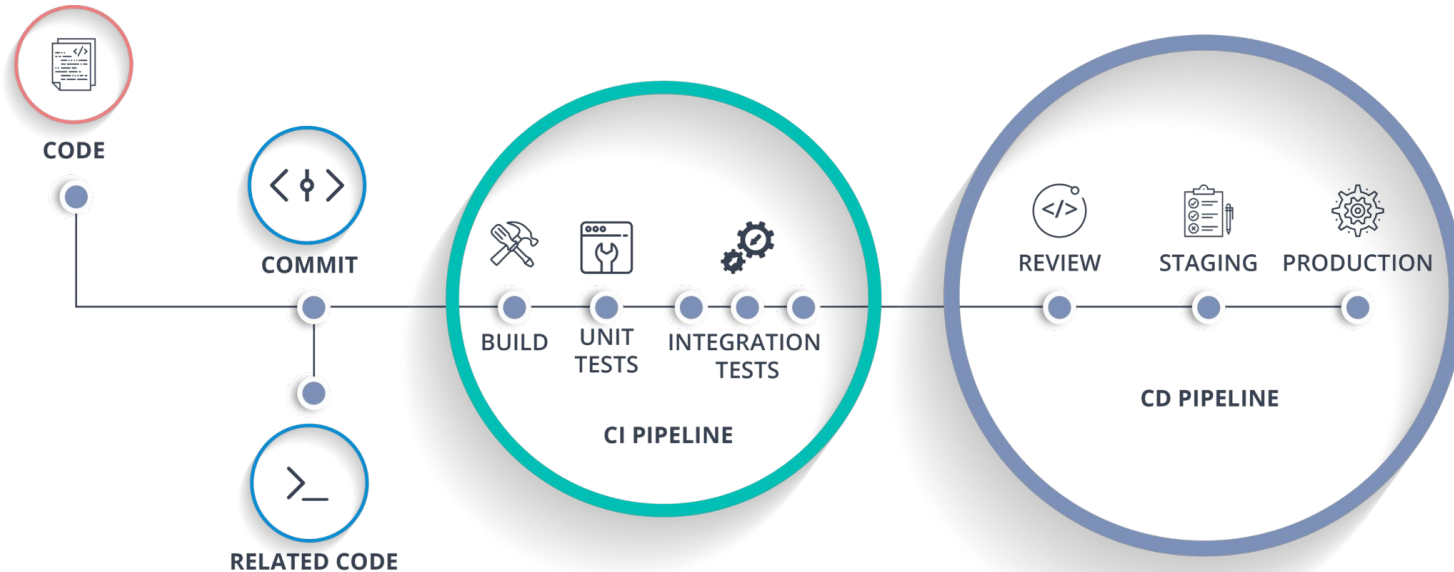

mesmo  
ambiente  
desenvolvimento

# Recursos localmente

# Continuous Integration / Continuous Deployment

# Minimalism

# Software installation/configuration
